We had published the following article in Volume 9, Issue 09.

**Comparison of Epidural Analgesia vs Continuous Transversus Abdominis Plane Analgesia for Post-Operative Pain Relief in Patients Undergoing Lower Abdominal Surgery**

Ramesh Kumar N.¹

The above article has been withdrawn because of the following reasons (as mentioned by the author)-

I have published this article "Comparison of Epidural Analgesia vs Continuous Transversus Abdominis Plane Analgesia for Post-Operative Pain Relief in Patients Undergoing Lower Abdominal Surgery" as a solo author, I had not taken the consent of the co-authors who had contributed to the study. This article was published without the approval of the primary contributors. So there is a conflict between the authors.
